East Central Scholarships

Students from the East Central area Durham, Haliburton, Peterborough, City of Kawartha Lakes (Victoria), York - enrolled in their 2nd, 3rd, or 4th year at a post-secondary institution or agricultural college.

Six scholarships in the amount of \$1000 - selection takes into account academic performance, leadership, contribution to community, involvement in rural youth organizations, with emphasis on conservation and environmental goals.

Application at <http://www.regionalscia.org/scholarships.html>

Deadline to apply December 31, 2017

The Lake Simcoe Soil Health Improvement Project (LS-SHIP)

The Lake Simcoe Soil Health Improvement Project offers up to 50% cost-share to a maximum of \$20,000 in funding to producers in the Lake Simcoe watershed who implement BMPs after completing a Soil Health or Muck Soil Health Check-Up. Free of charge to producers, the Check-Up offers a unique opportunity to work with a Certified Crop Advisor (CCA) or Professional Agrologist (P.Ag.) to assess the soil health on your farm.

Producers can also apply for cost-share options without having completed a Soil Health Check-Up. These options include cover crop projects at 50% cost-share up to \$20,000 and all other BMPs at 35% cost-share up to \$5,000.

Eight BMPs are eligible for cost-share under LS-SHIP: cover crops; crop nutrient plans; buffer strips; windbreaks and windstrips; equipment customization; erosion control structures; fragile land retirement; and runoff water management.

Applications are now being accepted for this initiative. LS-SHIP application materials are available online, as is a list of participating CCAs and P.Ags who are delivering the Soil Health Check-Up. **The project completion and claim submission deadline is December 15, 2017.**

Funding for LS-SHIP is provided by the Ontario Ministry of Agriculture, Food, and Rural Affairs.

Full details are available in the brochure, available on the OSCIA website. OSCIA can be contacted directly at 226-706-8669 or SHIP@ontariosoilcrop.org
